THE FORTY-FOURTH ANNUAL CONVOCATION

The Forty-fourth Annual Convocation of the Missionary District of Utah opened with a service of Evening Prayer on Sunday, April 1, 1951 at St. Paul's Church, Salt Lake City at 8:00 P.M. The Rev. Joseph E. MacGinnis and the Rev. J. Robert Nicholas conducted the service. Other clergy who were in the chancel were Very Rev. R. Dunham Taylor, Rev. Mortimer Chester, Rev. Willis M. Rosenthal, Rev. Philip K. Kemp.

The Right Reverend William Fisher Lewis S.T.D., Acting Bishop of Utah, read his address to convocation. He prefaced it with a message of greeting from the bishop-elect Very Rev. Richard S. Watson, Dean of St. Mark's Cathedral, Seattle, Washington, as follows:

To the Convocation of the Missionary District of Utah:

As your Bishop-elect I want to send you my very sincere and hearty greetings on the occasion of the Forty-fourth Annual Meeting of the Convocation of the District.

I regret that I cannot be present in person to say to you what is on my heart and mind, but of course that is impossible.

You cannot know the eagerness with which I am looking forward to the beginning of our work together. Without question, we shall have to face many difficulties, but in the facing of them I am certain we shall find the guidance of the Holy Spirit to direct us, and an increasingly closer and deeper fellowship together—that great Holy Fellowship—the Church of God.

I am advised by the Presiding Bishop that we are nearing the majority of the Consents and should be able soon to make official our plans for the consecration on May 1st. Let me say now how grateful I am to all of you for undertaking the difficult task of my consecration and the entertainment of Synod at the same time. We shall gain an impetus and inspiration which will remain with us for many months to come.

I am keeping you in my prayers and asking God's Blessing upon you as you proceed in your deliberations.

Grace be unto you,

April 1, 1951 Richard S. Watson

Corporation of The Episcopal Church in Utah

The following is a summary report of the activities of the Corporation in reference to property and legal transactions for the year 1950.

Four meetings were held during the year, and the following items are briefly noted:

1. The Emery Memorial House on the University of Utah campus was sold and the action of the execution of the deed of conveyance was ratified and confirmed, and mortgage held by The National Council for $16,654.43 was paid in full.

2. The St. John's Church, Logan property came under consideration for certain repairs and renovations and the improvements are now being executed.

3. The Pinkerton house at 87 "B" Street in Salt Lake City was renovated and painted and made presentable, and two apartments made habitable for the vicar of St. Peter's Mission and a professor at the University.

4. The Myton property was altered to comply with State Highway Department proposal of new highway and Corporation provided right of way for same.

5. Corporation authorized St. Paul's Church, Vernal to secure a mortgage of $4,500.00 from The American Church Building Fund. It was noted that St. Andrew's Church building in Eureka was unsafe for use, but that services could be held in the vicarage. St. Peter's Church in Salt Lake City was cleaned up and renovated with new carpets and the paint for the interior and the old adobe vicarage previously condemned by the city has been razed for the material and therefore, no cost to the Corporation.

6. The survey of Salt Lake City conducted by The National Council under the direction of the Reverend Dr. Joseph G. Moore, research analyst was conducted in reference to the placement of the new All Saints' Mission in the southeast section of Salt Lake City. Several sites have been noted but no property has been purchased as yet.

7. While not directly a part of the Corporation's business there has been established, however, at St. Mark's Hospital the Bishop Clark Memorial Bed Fund, and which it is anticipated will be a continuing and lasting memorial to the late Stephen Cutter Clark, D.D. the sixth Bishop of Utah.

REPORT OF THE COUNCIL OF ADVICE MISSIONARY DISTRICT OF UTAH FOR CALENDAR YEAR OF APRIL 28, 1950 to MARCH 26, 1951

During the year six meetings were held with only one absentee which the secretary is pleased to report as an evidence of faithful devotion in voluntary service.

During the year the following essential actions were taken:

The term of the diaconate of the Reverend Joseph MacGinnis was shortened so that he might be ordained Priest by the end of May 1950.

Approved the application for a loan from the Church Building Fund on the rectory and parish house of St. Paul's Church, Vernal, Utah.

At the request of the acting Bishop of Utah the convocation of the District of Utah was set for April 1, 2, and 3rd.

The Right Rev. Frank A. Rhea, Bishop of Idaho and President of the Province of the Pacific was requested to change the place of meeting of the Synod of 1951 from Boise, Idaho, to Salt Lake City, Utah.

A tentative date for the Consecration of the Very Reverend Richard S. Watson, Dean of St. Mark's Cathedral Seattle in the District of Olympia, as the Bishop of Utah, was set for 10 o'clock A.M., May 1, 1951 in St. Mark's Cathedral, Salt Lake City, Utah.

The Very Reverend R. Dunham Taylor was appointed the General Chairman of the committee in charge of all local arrangements for the meeting of the Synod of 1951. The Reverend William F. Bulkley was asked to work with the two committees.

The Very Reverend Richard S. Watson met with the Council at its meeting on January 24, 1951 and offered the invocation.

Note: At a service of Holy Communion in the Cathedral at 8:00 A.M. on January 24, 1951, at which he was the celebrant, the Bishop-elect announced from the altar that he had accepted his election as the Bishop of Utah and had telegraphed to that effect to the Presiding Bishop.

In a letter to the Secretary the Presiding Bishop wrote:

"I am delighted that Dean Watson has accepted. You have perhaps heard that he was the unanimous nomination of the Bishops of the Eighth Province. I do not believe a better man could have been secured."

The request of Mr. Robert C. Rusack to be ordained to the diaconate was approved.

The Council of Advice requested the Convocation to adopt the present seal of the District as revised in minor details by the Very Reverend R. Dunham Taylor.

Respectfully submitted to the Convocation of the District of Utah.

Dated April 1, 1951 — William F. Bulkley, President

Department of Youth

The youth work here in the District of Utah is continuing to grow through our Summer Camp and Fall Rally. Even more important the young people themselves are assuming increasing responsibility for their own activities, and are developing many excellent leaders both on the local and district level. The number of organized youth groups has increased among both parishes and missions. One of the most important developments is the inauguration of a District Youth Paper reporting news of local and district activities. This paper is proving to be a significant means of strengthening the fellowship and program of youth work in the District.

The delegates to the Provincial Youth meeting at Stockton were Miss Ann Pearson and Mr. Geoffrey Snow. Their enthusiasm and activity has contributed greatly to the growth of our youth program.

The Rev. Robert Nicholas was appointed to succeed the Rev. J. Burton Salter as chairman of the Department of Youth. The Rev. Mr. Salter is largely responsible for the present strength of our youth work here in the district and we shall all miss him in the district by his leaving, but pray that he can contribute more to God's kingdom at his new post.

J. Robert Nicholas, Chairman

Department of College Work

In the District of Utah there are three phases of work done by the Church for college students of our Communion.

At the University of Utah, Westminister College and Nurses Training School at St. Mark's Hospital, the work is unified under the Salt Lake Canterbury Club, now in its fifth year of activity. Under a new arrangement meetings are held each Sunday night at St. Mark's Cathedral, and a corporate Communion and breakfast each second Sunday at St. Paul's Church. This plan may prove to be more effective than the previous one of alternating Sunday evenings between the two churches.

This year at the Induction Dinner the speaker was the Athletic Director and Coach of the University of Utah, Jack Curtice who gave a most worthwhile address. Jack Lawrence and the other officers were installed by the Bishop of Utah, The Right Reverend Stephen Cutter Clark.

The Inter-church Protestant Fellowship House activity is doing a fine work and not a few of our young people are interested in that particular endeavor.

At St. John's Church, Logan the emphasis is along different lines. The Vicar, the Rev. Willis M. Rosenthal is a teacher at the Utah State Agricultural College and has a fuller contact with the students on the Campus, and the Church takes one of the form of a Student Center of Religious activity rather than one of social interests. This splendid activity is a credit to our Church.

Then in Provo where is the Brigham Young University the Vicar of St. Mary's Church is taking an active interest in the Episcopalians on that campus even though they are few in number, provision is made for their needs, and what with the long and steady influence of the Church and the clergy there a definite work is established.

Respectfully submitted
Dean R. Dunham Taylor, Chairman of Department

Department of Promotion and Publicity

During the past year this Department covered the various Church activities, such as "Bishop's Day" at St. Elizabeth Mission Whiterocks Camp Tuttle; the Utah Episcopal Summer Conference; and all events relating to the work of the Episcopal Church in Utah. Diocesan activities were, however, greatly lessened due to the illness and death of our beloved Bishop, Stephen C. Clark.

Through the EPISCOPAL CHURCHMAN OF UTAH news of the work of our Church in this area is widely spread, and again this year many letters expressing interest in our work have been received, as well as some material assistance towards publishing costs.

We again wish to express appreciation to the editors and reporters of the Salt Lake City newspapers for their fine cooperation during the year in publicizing our church work and the activities incident thereto.

Respectfully submitted
Marie G. Reeves, Chairman

Department of Christian Social Relations

Nine regular meetings were held and of the ten members the average attendance was six.

Topics given consideration and study at these meetings were: Resettlement of Displaced Persons, United Nations, extended coverage of Social Security Act, Racial Tensions as it affected our Indian work in Utah, and state legislation as it affected social problems.

Many factors have handicapped our efforts to place the quota of displaced persons as assigned us by the National Council, but the work continues and we now have a fund of $125.00 needed for expenses incident to transportation needed for persons coming in under this act.

We recommended the coverage of the lay employees of the District under the Social Security Act. The response was generally favorable.

The Department again participated both in the Summer Conference and in the State Conference of Social Work.

The corporate communion breakfast has become a traditional part

of the program of the State Conference of Social Work. Members of the Conference most of whom are not communicants feel the spiritual consecration of the service and also feel that it gives to the conference a deeper sense of values in their deliberations of service to their fellow man.

The department is not in a sense a social action group but does after careful study recommend legislation which is socially sound. Upon the approval of the Bishop and Council the department then supports through proper channels the passage of such laws. At the recent session of the Utah Legislature we supported House Bill 41 which enables Public Welfare Departments to give aid to needy transients. This bill is now law.

In the past year as always we have endeavored to carry through such recommendations as have been made by the National Department of Christian Social Relations. In the Missionary District of Utah we have cooperated with the social relations program of other groups. Four of the members of the department are also members of the Salt Lake County Welfare Council.

Respectfully submitted
Grace Bywater, Secretary

P.S.The department is now in the process of locating two displaced persons in Logan; one a mechanic and the other a housekeeper.

Department of Laymen's Work

The main activities of the Laymen's group in this District have been those of promotion of the Men's Corporate Communions in the last two years.

Since we have an organized committee in each parish, and in most of the missions in the district, with a chairman or keyman in charge, the promotion of the Annual Men & Boys Corporate Communion has been under their direction, and good results have obtained. A report from each, giving number communing, and the amount of the gift, was received, and upon receipt of such reports at the Executive Director's office at 281 Fourth Avenue the following was received from then Director Arnold M. Lewis-I quote the letter since it contains a grateful acknowledgement of the combined report above mentioned, as well as an admonition for our future guidance, and notice of the Director's leaving to take work elsewhere.

"Thanks a lot for your report of the Advent Corporate Communion. Knowing Utah, its sparseness and its limited number of parishes, I am impressed by the figures which you present. If you can keep your laymen stirred up, I feel certain that it will mean a great deal to whomever may be named Bishop of Utah. It will give him a nucleus with which to work. You may have noticed in the Church Press that I am to leave the position to report on March 1, as Dean of St. John's Cathedral, Jacksonville, Florida. That will complete five years for me in my present position. It has been a great experience, and I am thrilled with what our laymen are doing.

A letter of congratulation and a pledge of cooperation has been sent by me to Mr. Lewis's successor recently named—Rev. Charles R. Haden Jr. of Durham North Carolina.

Plans are in contemplation for a district meeting of Laymen during Synod meeting here in May. If it can be arranged without upsetting in any way the Synodical program, we shall proceed. It will be the first district meeting for quite some time, our planned meeting for the fall of 1949 having been cancelled because of the inability of Provincial Chairmand and Committee member Ted. Gannoway to attend, as had been expected. Shortly before the death of our beloved Bishop Clark in conversation with him, it was decided to arrange for some sort of meeting for our laymen—then his severe illness and tentative plans were dropped.

With the District completely organized, I feel that we will have no difficulty under our new Bishop in reactivating and reenergizing the work.

Respectfully
Carson E. Bechtel, Chairman

Board of Examining Chaplains

In the late fall your Board of Examining Chaplains met and organized with the Rev. W.F. Bulkley as chairman. On the appointment of Bishop Clark the Rev. Philip K. Kemp was made a member of the Board in place of the Rev. Joseph Hogben who was called into Army service.

Mr. Robert Rusack requested to be examined for Orders, and asked that our Board write the examinations for him to take at the General Seminary in New York. His request was granted; the examination papers were prepared and the examinations at the request of your chaplains supervised by Dr. Litchenberger, a professor at the Seminary. We are pleased to report that Mr. Rusack successfully passed all the examinations and that we, according to canon have so reported to the Council of Advice.

W.F. Bulkley, Chairman

REPORT ON THE STATE OF THE CHURCH

During the past year the District of Utah has passed through a considerable number of rather strenuous events.

In November, 1950 the Rev. Joseph Hogben was recalled into the service as an Army Chaplain. Since then the Indian work has been under the supervision of the Rev. William Wolfe at Vernal.

On November 30th Bishop Stephen C. Clark D.D. died and the Rt. Rev. W.F. Lewis S.T.D. was asked by the Presiding Bishop to act until the House of Bishops should meet and appoint a new Bishop for Utah.

In January 1951 the House of Bishops elected the Very Rev. Richard S. Watson as Bishop of Utah. As soon as it was possible St. Philip and St. James Day — May 1st was set for the consecration. Bishop Lewis of Nevada was asked to continue to act as Bishop till after Dean Watson

was consecrated.

In March, 1951 the Rev. William Wolfe of Vernal was seriously injured in an automobile accident. The work at Vernal and on the Uintah Reservation has since been without direct supervision, but is being continued by the good work of lay readers.

The scattered places throughout the District are just waiting as since Bishop Clark died there has been no general worker.

In spite of these serious difficulties the work of the District has progressed well. Our institutions, Rowland Hall and St. Mark's Hospital are both having one of the best years in their long history. The three parishes have all had large confirmation classes and will each report the largest number of communicants in their existence. Major improvements have been made at all three parishes and also at the two institutions. All our missions that have clergy in residence have grown and are in better repair than for many years. In fact even with our difficulties our work seems in considerably better condition than during past years.

At the present plans are being actively pushed for the holding of the consecration of our new Bishop and the Synod of the Province the first week in May. There appears to be great interest and enthusiasm for the work throughout the Church.

To put it simply we might say that the Church was expectantly waiting and ready to proceed with much activity under the leadership of our new Bishop when consecrated.

ST. MARK'S HOSPITAL

Report of Superintendent

Eight thousand five hundred and thirty-one patients were admitted and 1,365 babies born in the hospital during 1950. This is a greater number than the year 1949 when we had 7,764 admissions and 1,294 babies. Hospital days however were approximately 3,000 less than in 1949 — further evidence that the patient's stay in the hospital is being shortened by the advances in medical care.

Final plans for the new wing on the hospital are now being completed and it is expected that work will be begun within the next few months. This will provide a cafeteria and coffee shop, emergency and out patient departments, physio-therapy department, new and enlarged laboratory and additional office facilities as well as rooms for patients.

The Shriner's Hospital which has occupied the main floor of the wing for many years, has now moved to their new hospital, and this division is being renovated for the children's ward. The members of the St. Mark's Charity Association supply and maintain the equipment, and

our department will be second to none when completed.

Major expenditures for improvements this past year have been a pressure pump (to maintain water pressure at a constant level), water softener, overhead screening in one of the men's surgical wards, new infant incubators, laboratory equipment and many smaller items. A very fine portable whirlpool bath was given us by the Deseret News. Other donations were as follows:

Radium Company	$100.00
Time Stamp Machine for laboratory by Dr. Swift	158.05
Mr. I.N. McClenahan	250.00
St. Mark's Cathedral Thanksgiving Offering	72.54
Eimco Corp. Employees—dolls, toys, games etc. and cash	107.50

Others who gave gifts include: Porter Walton Co., 1st Congregational Church Ladies Aid, Mr. M.A. Keyser, Arlington School, Baptist Sunday School Kindergarten, Mrs. Will Browne, Beau Brummell employees, Mrs. Grace Connor, Comfort Lines Inc., Cub Scouts Den 2, Pack 16, Mrs. Royal Daynes, Pro Schola Club, Davis High School, DeMolay Boys Glee Club, Ensign School, Gold Seal Company, Garfield School, Highland Park School, Mrs. Goldie Huffstetter, Irving Junior High School, Jefferson School, Junior Red Cross, Junior Duo Arts Club, Lincoln Junior High School, R. Lancaster Company, Mr. Joseph Lerwell, Libbie Edwards School, McKinley School, Mr. M.E. McMillan, Mrs. Lewis McCurdie, Olympus Junior High School, Richard H. Ogaard, Petty Motor Company, Riverton Elementary School, Mr. and Mrs. V.T. Rice, Mrs. Edna Rilery and Mrs. Esther Shaw, Salt Lake City Baseball Club, Summer School, St. Mark's Cathedral, Valley Junior High School, M.J. Vickers, Dr. Ray T. Woolsey, West Jordan School, Woodstock School, Webster School, Young People's Fellowship of St. Mark's Cathedral.

In addition to these, the Women's Auxiliaries of the various churches sewed for us during Lent and the members of the St. Mark's Hospital Charity Association have sewed and made dressings throughout the year. To all of these, we express our grateful appreciation.

Respectfully submitted,
O.V. Wardrop, Superintendent

ST. MARK'S SCHOOL OF NURSING AND NURSING SERVICE

The School of Nursing admitted thirty-seven applicants in the class in September, 1950. Twenty-nine of this group are continuing their course of study. The others withdrew because of marriage or low scholastic average. The program with Westminster Colloge is continuing on a most favorable basis. The students enjoy the campus activities and the association between the two schools has become more interesting as we have progressed with our studies.

The admittance of students into our school, is dependent upon each member within the hospital and school, but especially is it dependent upon the members within each church of the Intermountain area. Literature will be readily furnished upon request and suggestions for increas-

ing our enrollment will be most acceptable.

These prospective students are the future nurses within this area. Each of you or a member of your family, or a friend may need nursing service within the near future and it is our hope we will be ready to supply your needs. You are acquainted with the young women of your communities. Are you suggesting what they may do, e.g. enter nursing? Will you assist them in obtaining the finances through contributions, scholarships or loans. The cost of the course has been placed at the minimum; yet, some funds are needed for tuition at Westminster College. for books, for uniforms and a small amount for some pleasure.

With the assistance of everyone we should increase our school enrollment and insure the future nursing service that will be needed.

The complete staff and student body are anxiously awaiting the breaking of the ground for the new wing which will increase the bed capacity and offer additional experience that such a unit will provide. The new addition means growth and inspiration to each person concerned with the hospital or school. May we remind you that we are ready to serve you and yours, at any moment, at any time,

Respectfully submitted

REPORT OF THE CHAPLAIN, ST. MARK'S HOSPITAL

Calls are made on the patients not less than three times each week. More often the chaplain is in the hospital five or six times during the week. A desire at this time is to notify all pastors when a church affiliation is given by the patient. As yet this is not working perfectly. Neither is it possible to see all patients each time visits are made. Communion is given to all who request it. Chapel is held each Tuesday evening and communion given in the chapel on Wednesday morning. The chaplain is on call at all times for any that desire his services. Several hundred calls were made during 1950 and since November 1st every patient has been visited at least once unless they remained but overnight and were missed by the chaplain.

An effort has been made to know and speak with every employee at the hospital. There has been unusually fine cooperation from the entire staff and personnel.

A choir of student nurses sings under the direction of Col. Morris.

Respectfully submitted
Clark W. McElmury, Chaplain.

ROWLAND HALL SCHOOL FOR GIRLS

Report of the Principal

Rowland Hall reports a satisfying year in many ways. Enrollment in the school has increased 31 over last year. 14 students were graduated in June, 1950, and 16 will be graduated in 1951. There were 23 boarding students, with 9 resident faculty members from a total of 22.

The gift of a new Pontiac station wagon by Mr. & Mrs. Fred A. Carlson probably stimulated enrollment more than any other single factor, since it enabled the school to offer transportation for the children in the Primary school. Thirty-four children were brought to and from school with the help of three other cars and teachers.

The school has been the recipient of many gifts which have helped immeasurably in the operation of the school, and which it is hoped may be the beginning of a financial security long sought and needed. Mr. and Mrs. James A. Hogle gave ten thousand dollars which stimulated interest in various other friends who increased his gift by some fifteen hundred additional. A bequest of twenty-five hundred from the Samuel Rosenfield estate was recently received, as well as several scholarship gifts. A memorial fund for Janet Walker Shaw has provided new hymnals, choir books and choir vestments. A handsome processional cross was given in memory of Bishop Clark.

Students, Alumnae and Patrons, through the Bazaar and other projects, have continued the redecoration of the home building, added to the central reference library, the art studio, gymnasium equipment, and have supplied us with two record players and a microphone. Dr. and Mrs. Palmer gave a fine large deep freeze unit which is a tremendous help in the economical purchase and storing of food.

Daily Chapel service has been carried on by members of the local clergy, with Holy Communion each Friday. The Altar Guild training has been supervised by Mrs. Bruce Pearson. The Choir has been invited to sing at several large community functions and has contributed greatly to the well being of the school.

The school is slowly but steadily growing in its contribution to the educational and spiritual welfare of children in the area and is in good condition for continuing to do so in an increasing measure.

Respectfully submitted,

THE BISHOP'S CONVOCATION ADDRESS – 1951

Members of the forty-fourth Annual Convocation, Delegates to the Annual Meeting of the Woman's Auxiliary, and all friends of the Missionary District of Utah — "Grace be unto you, and Peace from God our Father, and from our Lord and Saviour, Jesus Christ."

I record with regret the death of the following Bishops of our Church:

THE RIGHT REVEREND STEPHEN CUTTER CLARK, D.D. (Bishop of Utah).

THE RIGHT REVEREND DANIEL TRUMBULL HUNTINGTON, D.D. (Retired Missionary Bishop of Anking).

THE RIGHT REVEREND CHARLES CLAYNEY COLMORE, D.D. (Retired Missionary Bishop of Puerto Rico)

THE RIGHT REVEREND ROBERT CARTER JETT, D.D. (Retired Bishop of Southwestern Virginia)

THE RIGHT REVEREND EUGENE CECIL SEAMAN, D.D. (Retired

Missionary Bishop of North Texas)

THE RIGHT REVEREND FRED INGLEY, D.D. (Retired Bishop of Colorado).

THE RIGHT REVEREND ERNEST MILMORE STIRES, D.D. (Retired Bishop of Long Island).

The Missionary District of Utah has had a long and outstanding record of Episcopal leadership. No student of American history remains ignorant of the work of the pioneer Bishops of our Church in the West.

I would pay formal tribute here to a modern leader who belongs in the company of those earlier Bishops. Stephen Cutter Clark was Bishop of this District less than four years, but his achievement and his devotion to the Church will be long remembered. I had the privilege of knowing Bishop Clark before his election, and my affection and admiration for him grew with the passing years that he spent as Nevada's neighbor. There are many happy memories of those years I shall always recall with deep affection for my friend.

The measure of Bishop Clark's greatness, and the key to the contribution he made, is to be found first of all in his determination to be the overseer of all the difficult aspects of the Church's work in Utah. He was a Father in God, advisor and counsellor to Clergy and lay people — to those responsible for work in the Missions, in the Cities and in our Institutions. He brought to his task a sense of responsibility for all these things which are part of the growth of the Body of Christ. His concern for the whole work, and his amazing grasp of it is shown in the survey and Ten Year Plan which he drew up a year and a half after his Consecration. This report sets forth clearly the relationships which the members of the Body bear to one another, and the purpose which the Church can serve in this State. His greatest gift to Utah, however, and to those who carry on the work here, is the example he set of complete devotion to our Lord and His Church. His four years as Bishop were an expression in action of his deep conviction that the work of God must come first for us all, so that God's Kingdom may come.

It has been a privilege to try to carry on his work during these months, and I cannot begin my report without expressing officially here my appreciation of his leadership and his devotion.

We have also lost by death the Reverend Alwyn E. Butcher, for many years the faithful Rector of St. Paul's Church in Salt Lake City, and subsequently, until his retirement, a Chaplain in the Armed Forces of the United States. Many of you here will long remember his dedication and zeal with real thankfulness for his example.

The Clergy of the District have sent in the names of the following persons who have died during the past year:

Let us pray:

O God, who on the Mount didst reveal to chosen witnesses thine only-begotten Son wonderfully transfigured, in raiment white and glistering; Mercifully grant that these, thy servants, being delivered from the disquietude of this world, may be permitted to behold the King in His beauty, who with Thee, O Father, and Thee, O Holy Ghost, liveth and reigneth, one God, world without end. Amen.

1950 has been primarily concerned with preserving the gains of recent years in the face of change and uncertainty. The shadow of Bishop Clark's illness and death — the temporary part time oversight of the Bishop of Nevada — have not permitted some of the goals on which we had set our hopes.

Clerical changes have contributed their share to this uncertainty. The Rector of Ogden, the Reverend J. Burton Salter, left for Olympia; the Reverend Ralph L. Tucker left for Rhode Island; the Reverend Joseph F. Hogben was called back to active duty as Chaplain in the Army; and Miss Daisy Kitchens also left Whiterocks for City Mission work. The Reverend Joseph E. MacGinnis accepted the call of the Good Shepherd in Ogden, and has taken Mr. Salter's place there. The Reverend Clark W. McElmury has had the task, since the middle of October, of carrying on the work of both Mr. MacGinnis and Mr. Tucker. Captain George Avery of the Church Army is trying to hold the line at Whiterocks and Randlett.

With these changes in District and local leadership it is surprising that the statistics for the year do not show serious decreases. Actually, in almost every Department, very considerable increases are the order of the day. Last year's Journal shows two hundred and thirty-six baptisms. The parochial report for this year indicates three hundred and thirty-three — an amazing increase of approximately 50%. Confirmations

a year ago numbered one hundred and thirty-three, and this year, including those received from the Roman Communion, total two hundred and twenty-six — an increase of about 70%. Communicants have increased, and the total of baptized persons has passed the four thousand mark. The Church Schools likewise have increased slightly.

Figures are notoriously uncertain, and no one familiar with statistical reporting in the Churches would claim absolute accuracy and infallibility for them — but gains as consistent and sizeable as this report shows, certainly provide us with good reason for thanksgiving and renewed courage. If the Church in Utah can beet the vicissitudes of the past year and maintain such a fine showing, then indeed the work in recent years has been well done. Under a temporary administration no major building program has been undertaken. Work on the new wing of St. Mark's Hospital, already arranged, should begin in the near future. Building programs for All Saints' Mission, Salt Lake, and Trinity, Dragerton, will be among the first projects which will require the attention of your new Bishop. The survey of Salt Lake made by the Reverend Doctor Joseph Moore has furnished information which will be an invaluable guide for his planning for the missionary development in the Salt Lake Area. The whole District should be deeply grateful for Dr. Moore's ability and interest.

The reports of Rowland Hall and St. Mark's Hospital will be presented separately. Both Institutions are in admirable condition, and they reflect great credit on their respective leaders and those in authority.

The future of the District has been entrusted by the Church to most capable oversight in Dean Watson, who soon will be Consecrated as the seventh Bishop of this jurisdiction. Planning for the future must be left to him. I thank God for his election and his acceptance, and look forward with joy to having him as Nevada's neighbor and to seeing Utah's growth under his direction.

I would here take opportunity to express my appreciation to the Rt. Rev. Arthur W. Moulton and the Rt. Rev. F.A. Rhea, Bishop of Idaho who have helped with confirmations and other episcopal duties which I could not fulfill. I should also like to thank Mrs. W.J. Reeves for her work at the Bishop's office. It is difficult to work for three Bishops within a year but she has made my work in the office possible and prevented chaos. Finally I would also add my appreciation of the loyal and devoted service of the staff of the district and its many lay workers who have held up my hands and taken care of details of the work in many ways. Truly the year's achievements are the result of our united efforts in our fellowship.

I should also like to recommend that in view of the extensive work of Miss Eleanor Todd as assistant Treasurer the monthly salary paid to Miss Todd be increased with the approval of the Treasurer to $25.00 per month, and that this increase be budgeted among the funds handled by the treasurer's office.

Before I relinquish the post of Acting Bishop there are two or three

matters which I would like the privilege of saying to this Convocation. The first concerns our relationship to each other with the Church. One of the besetting sins of our day is the spirit of division—the weapon which the devil uses in many forms to destroy those human relationships which God wills. Emphasis on partisanship, on minority prejudice of the small group as opposed to the larger fellowship. These things are the stuff which produces the chaos of hell! In Church relationships this spirit most frequently takes the form of parochialism and affects groups from the smallest Mission to the largest Diocese. I am wrestling at this moment with a small Mission in Nevada which feels slighted because they cannot obtain a full time Clergyman for $500.00 per year, and can therefore see no reason why they should support the missionary program of the District and the whole Church. This nearsightedness—this primary concern with the individual or the local group instead of with the Church and the Kingdom of God, is a hazard from which few of us can hope to escape in this life. Our only refuge is to know it for what it is—to recognize it first in our own thoughts and actions—and to wage unrelenting war against its every appearance in our relationships.

The necessity of adding Utah to my care for most of this past year has helped to enlarge my concern—to break up the temptation to see Nevada as all important in the Church's plan. I pray God that my lesson may not be forgotten, and I should be derelict in my duty if I did not also call it to your attention, warning you that, as you value your very life, you fail not to think in the larger terms of God's Kingdom—and of the contribution in prayer and interest in service and money that each of you, in each Parish or Mission you represent, can make towards the Kingdon of God. "Thy will be done" does not mean a larger reputation for your Bishop, larger membership for your Parish, more money for your Mission. It means Bishop, Clergy and lay people, working together as one body, drawn into one fellowship by a common loyalty to our Lord. No other unity can meet the subversive and divisive forces of our time. As you move forward in this direction I have no doubt about your future.

The other matter of which I also would speak in these uncertain times is in the matter of fear! I have recently been East on a preaching tour. Everywhere I have travelled I have found many whose "hearts were failing them for fear, and for looking after those things that are coming on the earth!" Again and again in the Gospel our Lord tells his Disciples, "Fear not!" That message still applies to us today, unless we have surrendered our faith in the power of God. The Lord offers no cheap guarantee of our comforts and our luxuries. He said very frankly that "In the world ye shall have tribulations." Certainly, as a people, we Americans have done nothing to merit the favor or mercy of a righteous God! Certainly neither the Christian religion, nor common honesty, would suggest that easy times are coming! But to face this fact is not to permit cheap politics to stampede us into a fear which denies the value of all effort, and despairs of the eternal triumph of God's righteousness.

In spite of what we have done to it, this is still God's world. In

spite of all the sins of wicked and foolish men, God has redeemed it and His power will direct its ultimate course. The future is in God's hands. Our eternal welfare is of such concern to Him that Christ died for us. Do we then trust in the righteousness and mercy of God, or in military conquest and political strategy? Christ told us to fear only him who could destroy both soul and body in hell—to fear the spirit of evil which can destroy honesty and integrity, and all those qualities which come only from God and which only can produce eternal relationship among the brethren.

This same hysterical fear suggests to the young people in our schools that there is no use in an education; and to the would-be leaders of our national life—in Church, business, and politics, and all the rest—that there is no use in unselfish service—no profit in doing little things honorably and well for someone else. This is the fear that besets us on every side—that makes a mob of men, and pigs of people! At its very heart it is founded on a lie! The lie that says there is no God, and that men can run the world for their own ends.

I bid you in your lives so to set forth the Presence and Power of God in dedicated and courageous living, that men may indeed take knowledge of us that we have been with Jesus—so that perhaps God may use us in our little groups here and there across the land, to reassure our fearful brethren, and to restore to them the hope for the future, and the importance of the present, since both belong to God.

God bless you all, and strengthen you for the work to which He has called you in this great day.

WILLIAM FISHER LEWIS
Bishop of Nevada, and
April 1st, 1951 Acting Bishop of Utah.

Report of Committee on the Bishop's Address

To the Bishop and Clerical and Lay Delegates Convocation District of Utah, your committee on the Bishop's Address begs leave to report:

Be it resolved that this Convocation endorse the need for early action with respect to the building program of All Saints' Salt Lake City and Trinity Church Dragerton.

Be it also resolved that, in view of the extensive work of Miss Eleanor Todd as Assistant Treasurer, we would recommend with the approval of the Treasurer, that the monthly salary to Miss Todd be increased to $25.00 per month, this amount to be budgeted among the funds handled by the Treasurer's office.

Be it resolved that we recognize the admonition given relative to relationships within the Church, e.g. partisanship and parochialism and that with God's help we work and pray for the extension of the whole of His kingdom.

Respectfully submitted

Report of the Woman's Auxiliary for 1950

The report of the Woman's Auxiliary for 1950 compiled from the reports of Committee Chairmen and presidents of the various parish guilds is one of prayer and gifts and joyful service.

The year was marked by sadness because of the illness and death of Bishop Clark, who was our leader, friend and guide. But his spirit has been with us always. There has been steady growth in all the branches, and much has been accomplished by the women both in material help for the parishes and missions, and in a better understanding of District Auxiliary work. Everywhere there has been splendid cooperation.

During 1950 three District meetings were held: January at St. Paul's in Salt Lake City, April at St. Mark's, Salt Lake City, and in October in Ogden, where Bishop Clark was with us for the last time. The average attendance was 60. An average of 300 women attend Guild meetings throughout the state, which is, of course only a part of the total number of women connected with the church.

Our Budget has been increased to include $25.00 for the work of the District Altar Guild. All dues from the District were received, and our National and Provincial dues paid, and our Provincial quota for St. Margaret's House has been paid in full to date.

The Rural Chairman visited Provo, Whiterocks, Logan, All Saints, All Souls and St. Peter's during the year and the president went to Vernal and Whiterocks.

Mrs. Thomas, the Supply Chairman has contributed needed supplies to our Indian missions in addition to the $100.00 sent to Liberia and has launched a program of sewing for the Liberian Mission during this coming year. Nearly all the groups have done Lenten sewing for St. Mark's Hospital, giving in this last case their time and labor, as the materials were furnished.

We wish that the report of the District Altar Guild could be given in full. It is so inspiring and expresses in every line the joy of work well done. It describes 3 phases: 1. Supplying the Missions with necessary minimum requirements of Altar appointments. This included 5 Fair Linens, 50 Purificators, 4 sets of Burses and veils, to mention only a small part. The 2nd phase was giving instruction and encouragement in Altar work, including an Altar Guild Day at the Summer Conference. The 3rd phase lists the supply on hand for distribution and, as something to work for in the future, a dream of a school of embroidery and sewing set up in the District.

The Girl's Friendly under the guidance of Mrs. Chester has five active groups—two new ones—with an enrollment of 120 active juniors and 35 active seniors.

Mrs. Behm for the Youth Group states that there were 85 in attendance at Camp Tuttle in the summer and 115 attending the Fall Rally. In November the first issue of a District Newspaper, reporting Youth activity was published in Dragerton, with Rev. Robert Nicholas, the

new Youth leader as the editor. The $25.00 allocated to Youth in our budget was not used, and, provided there is no urgent need for it this year, the Woman's Auxiliary will be able to furnish $75.00 next year to help send a youth delegate from Utah to the Tri-ennial.

The United Thank offering for 1950 was over $900.00, which Miss Malins, the custodian says is the most recorded so far in any year.

1950 will be remembered as the year in which Miss Janice Overfield was elected President of the 8th Province, the first time that this honor has ever been given to a Missionary District.

Our chairman for St. Margaret's House, Mrs. Nicholas reminds us that, while we have done well financially by St. Margaret's House, we have failed so far in interesting young women from Utah to think of church work as a vocation, and to take their training at St. Margaret's.

The women of our District Auxiliary have taken an interest in Community affairs and in two of the Parishes have inaugurated the World Day of Prayer in their communities.

The Church Periodical Club Chairman has just undertaken that job, and we look for a report from that important branch next year.

Each year the work of the women in their various parishes and missions grows and the achievements are impressive. Their reports are on file with the secretary. The delicious lunches and teas that are served at our District meetings mean much to us all in good fellowship.

This report would not be complete without a mention of the Summer Conference during which the Woman's Auxiliary held workshops for discussions on different phases of our work, and the beautiful Quiet Day during Advent when the Rev. Eric Jackson came from Menlo Park to bring us an inspiring message.

As we await the coming of our new Bishop, we stand ready to help and to give our loyal support in whatever way he may direct us.
